LexVid Services, Inc., Presents:

Animal Law: General Overview and Legal Trends

Course Description, Table of Contents, Timed Agenda

Total: **63 Minutes**

Speakers:

Cheryl Nolan

Description

Animal law is a cutting-edge discipline of law with evolving pro-animal cases and statutory law, making the practice area both impactful and exciting. This program provides a general overview of Animal law as a focus for law practitioners in the United States, and updates lawyers on the recent trends in the area coming from the leader in animal rights, California.

Topics discussed during this class will include:

- "Dangerous Dog" cases (15 min.)
- Rescue and adoption issues (10 min.)
- Service and emotional support animals (10 min.)
- Custody and ownership disputes (15 min.)
- Recent trends in case law and legislative initiatives (13 min.)

TOTAL: 63 Minutes

Meet the Lecturer(s)

Cheryl Nolan, Esq. is a native San Diegan, her practice here specializes in Animal Law. Having grown up in the world of dog showing and obedience training, she enjoys merging this extensive background with her legal career. Cheryl holds a Juris Doctorate from the J. Reuben Clark School of Law at Brigham Young University.
