Description/Table of Contents

A big part of sports law is getting agents ready for the the obligations of managing high-profile clients. And that's where lawyers come in. NFL Contract Advisors covers NFLPA certification requirements, agent eligibility, standards of conduct and prohibited actions, key points of agent-player contracts and player-team contracts, and the NFL's personal conduct policy.

This course will also look at some recent episodes of "bad client behavior" in the NFL (aka – The 3 AM Phone Call). Stories include a mercurial QB skipping a game to party (in disguise) in Las Vegas, a star wide receiver allegedly throwing furniture off a 14th floor Florida condo balcony, the league's highest-paid player bankrolling a dog fighting operation, and of course… "DeflateGate."
